1. Claims 1,4-6,8,10-25,27-28,30-32,34-36,38,40-64 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art fails to disclose or render obvious a fuel dispensing system in combination with the other claimed limitations of claims 1,32:

"an emergency system reset having a reset delay module".

The prior art fails to disclose or render obvious a pump controller for a fuel dispensing system in combination with the other claimed limitations of claim 17:

"said bus including at least one accessory control signal line".

Further, the prior art fails to disclose or render obvious a fuel dispensing system in combination with the other claimed limitations of claim 61:

"a microprocessor module having inputs and outputs, at least one of said inputs being interfaced with said emergency stop actuator; and at least one electrical power disconnecter in communication with at least one of said microprocessor module outputs, wherein said microprocessor module is programmable to command said at least one electrical power disconnecter to disconnect power from said at least one dispenser upon activation of said emergency actuator".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
